

The Maydays present: Happily Never After

Award-winning improv theatre company, The Maydays present Happily Never After, a twisted dark musical tale inspired by fairy tales, gothic themes and the warped imagination of Tim Burton (director of Sleepy Hollow, The Nightmare Before Christmas & Miss Peregrine's Home for Peculiar Children). Created from the seed of your suggestions, The Maydays will take you on a unique journey, weaving a gothic tale that's different every time. With a bespoke, improvised soundtrack for every show, this will be a truly creepy and fantastical experience.
